### SPONSORSHIP OPPORTUNITIES

First organised in 1980, CEDA's trademark event, CEDA Dredging Days, has established itself as the primary international dredging conference in the CEDA region (Europe, Middle East and Africa). It is widely considered as an invaluable forum for leading researchers and industry experts to discuss and share dredging challenges, solutions and experiences.

CEDA Dredging Days 2015 will focus on innovative dredging solutions for ports and it will present the latest technical and scientific developments. It will cover best practices, relating to maintenance and capital dredging in ports and access channels, and the management of sediments including the sediment balance of the broader port environment.

**Sponsorship to CEDA Dredging Days 2015 offers a valuable opportunity to be visible to professionals, stakeholders and key players in the dredging and hydraulic construction fields. It also offers the opportunity to associate your brand with this prestigious event and to demonstrate that your company is an active member of the CEDA community.**

Sponsorship to CEDA Dredging Days 2015 is open to CEDA Corporate Members.
